FIFTEEN MINUTES OF REAL PATRIOTISM

(Communicated.)

The public should take more interest in the 15-minute talks that are being held Tuesday and Friday mornings in the assembly room at the high school. They are worth while and the public attendance is desired.

It is the purpose of the school board to bring the townspeople into closer association with the work of the school and these little morning talks are a step in that direction. Such topics as the government secret service, upon which Mr. Atkinson will speak Tuesday, to be followed on Friday by Milton Detch, who will explain the espionage act, are subjects in which all people are interested and these talks furnish information of value.

Other government topics will be discussed as the term advances, also such things as war surgery, financing the war, mobilizing an army, Y. M. C. A. work, etc. The public is requested to watch the papers for announcements of speakers and topics.

CLAUDE A. PAGE, a prosperous rancher above Hot Creek, this county, is spending a few days in Tonopah.

GREAT ACTIVITIES AT TYBO MINE

The Louisiana Consolidated Mining company is installing at its Tybo property a Wolf superheated steam plant. It has a capacity of 120 horsepower and is operated by crude oil. It will be used to furnish power for the new mill. A double drum electric hoist has been installed in the place of the old steam hoist. A 20-horsepower electrical hoist has been put on the 400 level and sinking will be resumed from the 500 to the 600 station. An Aldrich electric station pump has been installed on the 400 to replace the turbine pumps. These various changes have been

made to secure greater efficiency and economy on power. All the mill machinery has been delivered to the site of the plant. Construction is progressing rapidly. Complete equipment has been installed in the machine shop. Drifting on the branch vein is in progress on the 300 level southward and on the 400 level to the north. Stopping has commenced on the intermediate vein 40 feet below the 300 level. Seven trucks are in operation, hauling ore to Tonopah for shipment. There are forty men employed in the property.

PRISONERS TREATED LIKE WILD ANIMALS

(By Associated Press.) ITALIAN HEADQUARTERS, Feb. 2.—Exchanged Italian prisoners who have returned from Austria says the Austrians confine prisoners, particularly Serbians, in cages and feed them through bars like wild animals. They say the treatments meted out to prisoners indicated the Austrians intended to destroy Serbians as a race, and that the "mortality" is already great and increasing. The prisoners are given no care and there is no sanitation.

FIRE ON AIRPLANES WILL BE CONTINUOUS

(By Associated Press.) PARIS, Feb. 2.—Premier Clemenceau and Under Secretary of Aviation Dumesnil have decided to increase the number of airplanes defending Paris and have adopted measures to make barrage fire effective. Intense continuous curtain of fire is considered the only real protection against air raids.

SENATOR STONE PEEVED.

(By Associated Press.) WASHINGTON, Feb. 2.—Senator Stone of Missouri today declared "absurd" the report that he was concerned in an organization formed to foment strikes in Germany. German papers have declared a quarter billion marks was raised in Washington to organize revolts and strikes in Germany and allied countries.

THAWS CAUSING FLOODS.

(By Associated Press.) WASHINGTON, Feb. 2.—The danger of floods loomed largely today, with forecasts of warmer weather for the Middle West, and the gradual eastward movement of the thawing area. The Ohio river is nearing a serious flood stage and other streams in the Middle West and South already have overflowed and are still rising.

Special efforts are to be made to transport corn, much of which this year is soft and must reach elevators quickly. After conferring with a delegation of grain merchants from Ohio, Indiana and Illinois, railroad administration officials arranged to dispatch a number of empty cars to those states to carry corn to St. Louis, Chicago and other terminals. From the corn territory west of the Mississippi river the movement of corn eastward continued.

FARMERS CLOSE CONVENTION.

(By Associated Press.) CHAMPAIGN, Ill., Feb. 2.—The war conference of farmers closed its convention here last night, after outlining a plan for increased production during the coming year and urging its adoption by the farmers of the nation as their response to President Wilson's message calling attention to the country's need of their assistance in winning the war.

PERSONAL

CHARLES KEOGH, the rancher and stockman, is in from Reese River.

MISS ANNIE FOGED left this morning for Carson City and San Francisco.

DENVER S. DICKERSON, state munition inspector, who has been in the southern section for the past week, returned from Goldfield this morning and continued on to Carson.

MRS. L. A. ROBINS was a passenger this morning for San Francisco, where she goes to meet her son, Frank Grady, who is now a lieutenant of artillery at Camp Lewis.

W. H. ROYSTON, who has been superintendent at the Belmont mill at Millers, has moved to Tonopah with his family, taking a lease on the Solender residence at California Heights.

H. A. DARMS, the coal baron, was a passenger this morning for Reno. ED WALKER, state fuel administrator, spent yesterday in Goldfield and was a passenger this morning for his home in Carson.

MUST OBEY FUEL ORDERS.

(By Associated Press.) ABERDEEN, S. D., Feb. 2.—Upon recommendation from Dr. H. A. Garfield, federal fuel administrator, W. G. Bickelhaup, fuel administrator for South Dakota, has issued order that business firms and public institutions in towns within three miles of the Minnesota border must shut down on heatless Mondays, as Minnesota towns are required to, under Dr. Garfield's order. Ten South Dakota towns are affected by the order.

NEW PASSENGER DIRECTOR.

(By Associated Press.) WASHINGTON, Feb. 2.—Gerrit Port of Omaha, passenger traffic manager for the Union Pacific, has become passenger traffic director for the government railroad administration, as a special assistant to Edward W. Chambers, general traffic director.

Frozen water pipes thawed with electricity. Lundee Bros. adv. Feb. 2.

In substance, the plan calls on farmers to produce more essentials and pay less attention to non-essentials. Farmers are urged to carry out ideas as laid down by the convention.

AMUSEMENTS

AT THE BUTLER.

A soul's adventures through the ages shown in "A Sleeping Memory." Emily Stevens' dramatic powers have been put to the severest test she has ever experienced in "A Sleeping Memory," the special de luxe production. In this adaptation of E. Phillips Oppenheim's novel this wonderful actress is obliged to run the gamut of human emotions and to depict women of both good and evil tendencies, not only of the present day, but also in different periods of time through the history of the world. Such a demand upon the abilities of a player is unprecedented and only a star of supreme gifts could emerge from such an ordeal triumphant. First, she remembers herself in the incarnation of the sturdy mate of Ulrik, the Viking. Next she is transported in memory to the days when she was a lady in waiting in the court of Catherine de Medici. Further through the experiences of a woman at Salem in witchcraft days. Both at the beginning and at the end of this marvelous production Miss Stevens portrays a society girl of the present time. With this feature will be shown a great comedy, a new sunshine comedy, "The Milk-Fed Vamp," which is rich in comic situations and is what is commonly called a scream. Situations new and delightfully amusing. The real quality of "A Milk-Fed Vamp" is indescribable, except that one can safely say that it is a winner as a laugh-maker in two reels.

Tomorrow, Baby Marie Osborne, in "When Baby Forgot," also Pearl White, in "The Fatal Ring."

Remember George Cohan, Monday.

Do not forget to call at our place these days and look at our new-made bran bread at 5c a loaf and our special elegant boxes in which you can find the best you can ever imagine when you are wondering about what you should buy in order to make an agreeable Christmas present.

GET THE MOONEY HABIT.

The bill of fare of Mooney's cafe for tomorrow appears in the Bonanza today. Why fuss and fret over the kitchen stove on Sunday, when, at less cost than the raw material, plus bother and incidentals, such a delightful repast can be had? Music is one of the numbers on the bill of fare, the sort of music that banishes dull care and aids digestion.

Two Billion Tons of Coal THINK OF IT!

United States Geologists state authoritatively that the coal deposits on the Colob Plateau, Iron County, Utah, contain 2,267,803,000 tons.

AN INVESTMENT in the stock of a coal company that is based upon coal deposits that are well defined and can be accurately estimated in advance of mining is the SAFEST IN THE WORLD.

COAL IS THE MOST ESSENTIAL COMMODITY IN THE COUNTRY TODAY.

GIVE US MORE COAL

is the constant cry of every industry in the United States.

The welfare, health and happiness of the entire nation depend upon the coal supply. That this supply is not adequate the whole world knows.

THE STOCK OF THE IRON COUNTY COAL COMPANY AT 25c A SHARE is not a speculation. It is a good, honest, legitimate investment, backed by these enormous coal deposits.

THE COAL ON THE COLOB PLATEAU IS OF THE HIGHEST GRADE KNOWN IN THE STATE.

SO, WAKE UP, MR. BUSINESS MAN!

and look into this all-important matter.

PROCASTINATION MAY ROB YOU OF AN OPPORTUNITY TO PARTICIPATE IN THE PROFITS OF AN INDUSTRY THAT WILL STAND FOREMOST IN THE STATE.

Fill out the coupon below and secure this MUCH-TO-BE-DESIRED INFORMATION, and DO IT NOW! Why be ignorant, even though you may not desire to invest?
